THE ROOFTOP : BEFORE

THE ROOFTOP : AFTER

WHO : Chef Christopher Cedeno

WHAT : Sesh and the City

WHERE : Undisclosed Location

WHEN : July 21, 2017

CHALLENGE : To design a free flowing layout for this adult only rooftop BBQ, while making sure every wall was perfecting lit & the tunes were complimenting the night's vibe.

On a rooftop where no lights existed – we had to make sure there was plenty of lighting so the guests could safely walk back and forth to the party.

Each walkway was lit with green wireless LED lights. Not only giving the guests enough visibility but also supporting the Chef's theme.

As the sun started to set – the uplighting along the walls and the LED lit cocktail tables started to illuminate the space.

DJ Fattingaz set the energy for the evening. Jumping on the 1's & 2's, he had a chill soundtrack playing throughout the night featuring some of the local artists.

Chef Chris was in full action all night, making sure no one went unfed or unsatisfied.
